**GLENGOLLAN  
WHERE COMMUNITY  
THRIVES**

Nestled at the foot of the Dandenong Ranges is picturesque Glengollan Aged Care and Retirement Village, set amongst 12 acres of established gardens.

Established by a group of caring Ferntree Gully residents led by Violet Lambert in 1956 as a welcoming, not-for-profit community for senior living, it is the perfect place to call home with a full range of accommodation styles to choose from.

## AGED CARE THAT FEELS LIKE HOME

At Glengollan Aged Care, we make you feel welcome the minute you walk in the door.

We pride ourselves on residents having a real sense of belonging and familiarity, with quality comfortable decor and furnishings.

Residents are encouraged to personalise their living space, and our companion rooms are very popular with couples.

### All care needs are met

We have accommodation options to suit people's individual care needs, including respite and dementia care.

We have comfortable lounges to take in the lush surroundings, as well as social seating for meals or meeting up with friends and family.

Meal times are always a highlight of the day, with a celebration of freshly-cooked, seasonal produce.

### Friends for life

Residents enjoy our inclusive community. Our team of highly qualified and engaged staff are always approachable, and with a large team of volunteers the home is bustling with social activity.

The highest standards of Government accreditation are respected, and exceeded. Our staff develop rapport with the residents and ensure the care and service provided are of the highest standard.

Glengollan residents have access to a registered nurse onsite, 24 hours a day. We know that is great reassurance for residents and their families.

“

I DON'T WORRY ANYMORE. WE KNOW THAT MUM HAS A SENSE OF PURPOSE AND BELONGING. IT REALLY MAKES OUR VISITS FUN AND FULL OF SMILES.

”

### It's all about having a purpose

At Glengollan Aged Care, we embrace the principles of Montessori.

As we age, it's more important than ever to have meaningful roles and activities.

We help residents maintain their capabilities while giving them choices. This makes residents feel proud that they contribute to their care, which increases their sense of wellbeing and satisfaction.
