

GLENGOLLAN RETIREMENT VILLAGE A THRIVING COMMUNITY AWAITS

Nestled at the foot of the Dandenong Ranges is picturesque Glengollan Aged Care and Retirement Village, set amongst 12 acres of established gardens.

Glengollan was established by a group of caring Ferntree Gully residents led by Violet Lambert in 1956 as a welcoming, not-for-profit community for senior living.

Flourish in our community

Residents and visitors alike, comment about the amazing views of the mountain with its native rainforest. The gardens are spacious creating a sense of privacy, yet it's only a short walk to meet fellow residents. Enjoy the communal areas, perfect for social gatherings with two community clubrooms and three BBQ areas. Live independently within a community of people; you can socialise as little or as much as you want. Feel secure with neighbours that have similar interests and community values.

The wider community is within easy reach, with a short drive to community shops, parks, swimming pools and bowling clubs. The village is conveniently located to Eastlink and Ferntree Gully Station.

Choices for all

In the village, there is a range of homes including our sought after affordable traditional style cottages.

Our two-bedroom units are well designed with modern kitchens, heating and cooling. Our newer development will showcase three bedrooms, a master with ensuite and fenced yard. It's an easy stroll to Glengollan's Aged Care facility for visiting a loved one or friends.

A sense of purpose

There is never a dull moment with a full calendar of monthly events. You decide if you want to join in, social interaction is always on your terms.

Many residents say that life has taken on more meaning and purpose, as they cherish being part of our volunteers program. Village residents can also join various committees to help with organising activities, exercise classes and meals, to outings, fashion shows and even Friday night happy hour.

Understanding the finances

Most retirement villages use a DMF (deferred management fee or exit fee) to reduce the purchase price and allow residents to pay the fee when they leave. This means that residents can use their savings while living in the village, and enjoy a better lifestyle. At Glengollan, we take a fairer approach with the payment evenly spread over 7 years. From contract signing, residents have 90 days to move in and when residents leave, the balance of the funds are returned in 90 days, providing our residents that extra peace of mind. For more information, ask for a copy of our information pack.

We advise prospective residents to obtain independent financial advice.
